32-Bit Float Magic

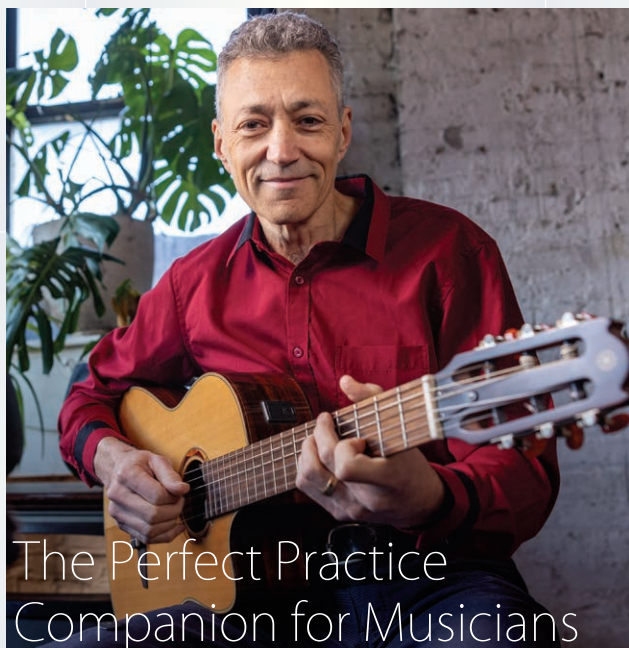

With 32-bit float recording, you never have to adjust levels. The H1essential captures every nuance of your sound ensuring high-quality audio with every take.

Loud and Clear

The onboard X/Y microphones capture clean audio up to 120 dB SPL, equivalent to the sound of a high-performance engine.

Essential For Creators

The Perfect Practice Companion for Musicians

Musicians can use the H1essential to record every rehearsal, a great way to improve your playing. Features like overdubbing and playback-speed-adjustment are great for writing and practicing.

Vinny Valentino | Guitarist

Sound Makes the Scene

The H1essential is great for filmmakers. Record and send audio directly to your camera or use it to record sound effects to complete your scene.

James Appleton | Location Sound Mixer

For Storytellers

Podcasters can mount the H1essential on a tripod for sit down conversations or use 'mono mode' for on-the-go interviews.

Ming Chen | Podcaster / Marielle Nuval | Pastry Chef
